# 2.20.1 Release

## 10/23/24 @ 7:00 PM (19:00) CDT

### 2.20.1 - “The After-Party Update”

2.20.1 introduces a new story, “How to Center a <div>” and “The Internet Now is Dull and Gray”, a compilation page to contain that and other stories, and a bunch of updates to CodingHome. This also updates licenses to include our code highlighting syntax licenses, respectively for both highlight.js and Dracula.

Please note after this update or November 3rd, all bulletin will now be in CST or Central Standard Time.

View the changelog details on the next couple of slides. →
