AT Products - Line of Defense - Investigation

Alyssa Hoffman

Launched August 20th, 2022.

Investigation Name

Fake Friends vs Real Friends

Reason(s)

Enough evidence gathered.

Evidence

- Paxton (7th), has shown evidence with Alyssa saying she "hates" me, via snapchat. I would question her, but she avoided it mostly. Interesting...
- During the Snapchat Conflict, Alayna has commented about what Alyssa has said. "Do you think Alyssa would add you back?" During STEM class, as it appears to be that Alyssa has said something that would mean she would leave and would still continue to leave me blocked. An email from Alyssa would be labeled as suspicious, proven enough by the text above.
- During the 2 weeks I was in Washington, a minor investigation was launched about the past Snapchat conversations. It was shown that she was attempting to drive me away. This would bring her status to a LOST CAUSE.
